

POWER-HYDRAULIK

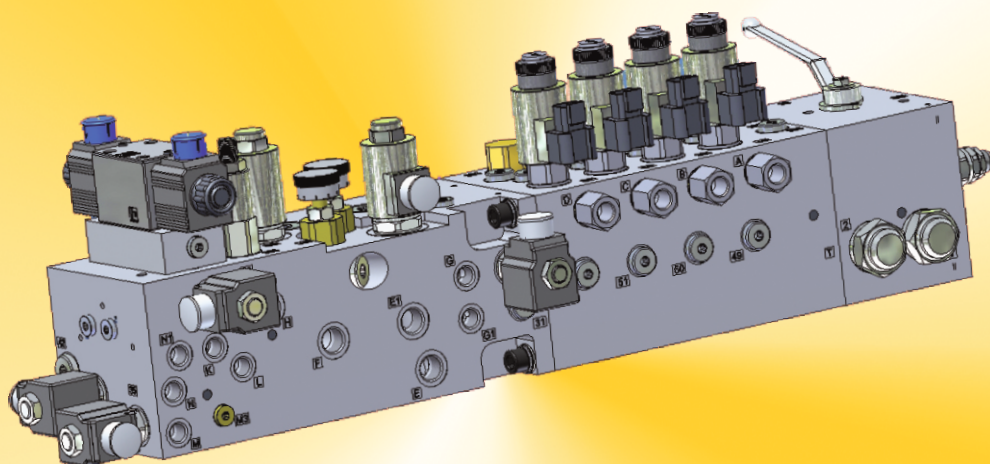

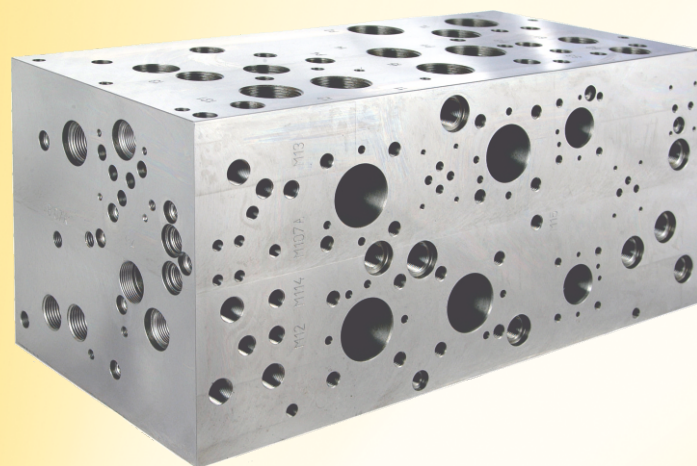

- Compactly designed manifold
- Precision machining
- Matched to your system

MANIFOLDS

Machining Capabilities

420 bar
1000 Kg manifold machining center capacity
Body lengths up to 1000 mm
Gun drilling up to 430 mm
Aluminium, cast iron and steel

Proportional Technology / Electronics

Joysticks and remote controls
IP environmental protection rated
Customized design
Pressure, flow and directional control valves

Cartridge Valves and Cetop-mounting Valves

Pressure, flow, check and directional valves
Nominal pressure up to 350 bar
Flow rate up to 3500 lt / min
